General Business:

- Meeting was held on 16/05/2016 between Ana de Farias and Jacqui Gold to discuss the sustainability of MRSS and what we could focus on immediately.
- Ana & Jacqui have spoken with teachers and parents of Year 1 classes and have received support and approval to take a few students (Bronze level at least), at a time to work in the small garden beds near the Grade 1 classrooms.
- We will be sending an official request through to Leigh & Pam shortly to confirm this is okay.
- Ana has also spoken with the PF students this month about the veggie patches and about the benefits of recycling & composting. She collected some food packages from the tuckshop and the school grounds for the task. Ana & the students made three posters from cardboard with the designed package glued into it, discussing Recycling / Landfill / Composting.
  It was really well received and we’d love to see this in other classes.
